

LaRC SAFETY HIGHLIGHTS

February 25, 2002

FY 2002 - Civil Servants

() = Number of new occurrences

OSHA Recordable Cases = Fatalities, Lost Time, Incidents and Restricted Work Incidents
Incidents = Cases in which more than first aid treatment is required, but less than 8 hours of time is lost.
Restricted Work Incidents = Cases requiring first aid treatment, resulting in light duty restrictions.

Injury/Mishap Information

- The Center has been **28** days **without** a Civil Servant **Lost Time Injury**.
- The following first aid cases involving civil servants were reported:
 - An OSMA employee carrying objects while descending an exterior stairway fell, sustaining a left foot strain and a contusion to the right knee. Failure to use the handrail was recognized as a primary contributor to this mishap.
 - A SMC employee soldering a wire came in contact with the soldering iron, sustaining a finger burn.
 - A SEC employee developed dermatitis after using latex gloves in the performance of assigned duties.

Reporting Safety Concerns - The ability to electronically submit a Langley Form 164, "Report of LaRC Safety/Health Concern" has been added to the @LaRC Employee "How To Section" as "Report a Safety Concern." This Form should be submitted whenever an individual would like to report an unsafe condition. An individual may submit the form anonymously.

Weekly Video Schedule - February 25-29, 2002 - Chemical Handling; Electrical Safety; Pro-Active Safety In Action; What's Wrong With This Picture; and Working Smart and Safe.
